FAUCET TECHNOLOGIES Assure

WATERMAN Assure: The unmatched after-sales service, customer care and free spares replacement service that comes with the purchase of any WATERMAN Bath Division product.

Best-in-class diverters

The 45 mm high flow diverter gives the best-in-class flow, as tested and certified. These diverters are sleeker and easier in operation than other high-flow diverters in the market.

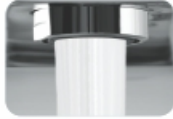

Superior components and brass
Highest quality international cartridges
for a flawless performance.
High-grade brass for superior
performance and durability.

... SYMBOLS OF A GLAMOROUS LIFESTYLE

The unique bridge between idea and creation celebrates the era of **WATERMAN**, with joie de vivre, glamour and elegance, defining attitude and lifestyle. **WATERMAN** has a tradition of excellence in design and craftsmanship that has led to its stand-apart halo.

The iconic **WATERMAN** is without doubt one of the most evocative images of style, sophistication and elegance. It is a symbol of a glamorous lifestyle that sparks images of a golden life which attracts an enthusiastic following among the jet set. It is therefore especially meaningful to be able to recognise and celebrate the great traditions and values of **WATERMAN**.

Cutting-edge technologies have respected and maintained the charm, softness and clean lines of the shapes which are typical to **WATERMAN**. It perfectly represents the balance between tradition and modernity, destined to become a symbol of inimitable style and craftsmanship.

WARRANTY DETAILS

WATERMAN products have been manufactured under the highest standards of quality and workmanship. Our faucets are backed by 10 Year Limited warranty against any manufacturing defect. Aerators, spindles and cartridges are backed by 1 Year warranty.

WATERMAN Faucets used in normal residential and nonresidential commercial settings are warranted to be free of defects in the material and workmanship for the period of time set, commencing from date of sale from **WATERMAN** authorized partner and distributors.

On or if receiving notice of such defect during the period of warranty, it will, at its option, either repair or replace such defective product or its parts of the products. This warranty does not apply to defect caused by misuse, improper storage, improper installation & handling, or by abnormal water quality in certain areas.

Petty item's like rubber washers, O-rings, other rubber/plastic parts, tiny brass nuts & screws etc. are of fragile nature, thus damages caused to such items due to use are not covered by this warranty. Damages caused due to usage of fluid other than water are also not covered under this warranty.

In any case, which is beyond its control and unable to repair or replace the item due to discontinuation or non-availability of stock the purchaser shall be entitled to get a refund or exchange with other model/design of the purchase price.

WATERMAN make no other express warranty whether written or oral, and hence is not liable for any direct or indirect loss/damages based on contract or any other legal theory.

This warranty is only effective if proof of purchase (original sales receipt) is provided with all warranty claims and the Warranty Card Document id applicable. Any reference to any other warranty document will not be considered.

Warranty period will start from date of invoice and shall automatically terminate upon the expiry of the warranty period even if the product has not been installed after purchase or has not been in the use for any part or whole of the warranty period for any reason whatsoever.

In the event of any repairs/replacement of any parts of the product, this warranty shall thereafter continue and remain in repairs/ replacement of parts including transit of the product or its parts or any period during which the product has not been used whether under warranty or otherwise shall not be excluded from the warranty period and no extension of the warranty period will be granted.

WATERMAN[®]
Bathware | Designed with Perfection

SAVE WATER, SAVE LIFE

The faucet and fixture industry has consistently delivered the eco-friendly goods. The products get more efficient and more durable almost every year, yet remain remarkably affordable. Every year, bath fittings can help us reduce water usage by about 5%. Like with **WATERMAN** bath fittings.
